HEALTH OFFICER'S REPORT

December 31, 1965

SELECTMEN:
Town of Henniker
Henniker, N. H.

Dear Sirs:

The over all general health of the community has been very good this past year. There were no epidemics of childhood diseases in large proportions to endanger the populous of the town.

All complaints registered with the undersigned, were investigated as to being in relation to potential health hazards. If found to be such, were remedied.

The bi-monthly water samples of the Cogswell Spring Water Works were taken into the State Board of Health Department, Concord, N. H., for testing. All were found to be exceedingly good.

Health wise this past year, "A giant step in the right direction," was undertaken by the town when the dump that was located just east of the new cemetery was closed. Consequently the new, "Town of Henniker Disposal Area" located approx. four (4) miles southeast of Henniker off N. H. State Highway Rt. number 114, has guaranteed the people a continuity in a town dumping area, though more important is the manner in which it has been maintained. This factor alone is a tremendous credit to the community speaking in terms of public health.

Respectfully submitted,

GEORGE M. PARMENTER, SR.,
Health Officer
Town of Henniker, N. H.

DEPARTMENT OF POLICE

The Town Meeting of 1965 voted \$1,000 to the Henniker Police Department for the purchase of 2-way radio equipment. This amount was to cover the cost of one base unit and two mobile units. Mr. Edward Damour was technical advisor on the project as to purchase and type of equipment, made all arrangements for licensing and did the complete installation job. Because of his competent help, we were able to get 5 mobile 2-way units, (one of which serves as a base unit), 4 car antennas, and 1 base antenna, all necessary wire, and have all installation completed, at a cost of only \$1,072.50. We are pleased to tell you that by August 1965, the Town of Henniker had 24-hour coverage of a 2-way radio base unit and 4 radio-equipped police cars. In addition to this, Mr. Ken Holt purchased one mobile unit for himself which he uses with his ambulance service. Only members of the Police Department and those members of the public whom we have served during the year can realize the increased efficiency made possible by our radio equipment. Members of the Police Department, and Ken Holt with his ambulance service, are able to communicate with each instantly in case of any accident or disaster.

You will notice an article in the Warrant this year for the purchase of (2) 2-way hand portable radios, which would help complete our radio equipment needs. These portables would be especially useful for traffic control, stake-outs, missing person situations and where it is necessary for an officer to leave his car and still keep in communication with headquarters.

The Police and Fire Departments made a joint purchase of an aluminum boat to be used for emergency rescue.

If you will compare the figures in this year's report of police work against last year's, you will see that it has increased con-

siderably. There were, for example: 62 accidents this year as compared to 41 last year, 433 police telephone calls as compared to 324 last year. The following list are some of the activities of the department:

Telephone calls received	433
Parking Tickets	80
Motor vehicle accidents	62
Messages Delivered	17
Dog Complaints (2) Bites	28
Breaking and Entering	28
Prowlers	2
Truant Cases	1
Non-Support	1

Fire—Death Resulting	1
Family Problems	7
Property—Damage or Stolen	27
N. H. State Hospital	5

Miscellaneous Complaints and calls	149

Our regular duties include: Painting lines in Square, Traffic Patrol and Parking, Signs—Parking and Patrol, N.E.C., High School and Community Center Activities, Checking Buildings, Court sessions—weekly and special.

Our income for the year is:

Parking tickets	\$ 181.00
Reports—accidents	16.00
N.E.C. Activities	\$ 282.50

PROPOSED BUDGET FOR 1966

Wages	\$4,200.00
Telephone Coverage	200.00
Telephone Net	170.00
Dog Constable	300.00
Equipment	400.00
Supplies	250.00
	<hr/>
	\$5,520.00
 (2) 2-way hand portables	
(Town Warrant)	350.00
	<hr/>
	\$5,870.00

The budget is \$5,520.00, an increase of \$300.00, which is accounted for by a pay raise voted by the selectmen last year. In addition, we request \$350.00 for the hand portables.

As Chief of Police, I would like to personally thank Norm Parmenter for his time donated to the "Blue Phone". I, also, wish to thank my fellow officers, who always put the safety and welfare of the community above their personal convenience, and those whose services, cooperation and support have made our "Blue System" work efficiently.

1965 REPORT OF THE
HENNIKER PARK DEPARTMENT

Merle Patenaude, *Chairman*

Robert Goss

Harry C. Hatch, *Treasurer*

You will notice we have a new member on the Park Board this year.

At a meeting of the Board on Nov. 22, 1965 the following decisions and recommendations were made:

1. The entrance to Azalea Park should be restored by a sidewalk approach from the street sidewalk, west of the new annex to the original sidewalk at the back of the new building. The Park lights should also be restored.

This work should be done by the firemen as it was their new building which spoiled the entrance to this beautiful Park.

2. The banks caused by the fill that was put in to make a parking lot, back of the Fire Department building, should be smoothed up and seeded. This is alongside the entrance to Azalea Park and detracts from the beauty of its surroundings.

A copy of number one was sent to the firemen and a copy of number two to the Selectmen.

The Board also thinks trees should be planted to replace those that are going by and being cut.

ANNUAL REPORT OF THE HENNIKER PLANNING BOARD

The Planning Board held regular public meetings the 3rd Tuesday of each month during the past year. We considered many subjects, all important to Henniker, in our efforts to assist the Selectmen and the town prepare for the future of Henniker.

We have been especially concerned about two problems:

1) The great majority of Henniker citizens want to preserve the rural charm and scenic beauty of our town. This includes avoiding the overdevelopment of small lakes and summer home areas such as are currently plaguing some neighboring towns. It also means preventing the growth of shanty town sections within Henniker. Unfortunately, as surrounding towns pass ordinances to control sub-standard housing, Henniker is going to "inherit" more and more undesirable structures.

2) Many taxpayers are also becoming concerned over the loss of potential tax revenue because of certain poor building practices. This is a two-headed problem because not only does the town receive less tax revenue from these sub-standard dwellings while having to provide full town services, but the existence of these places discourages others from building attractive homes in the area which would bring in new tax revenue.

We firmly believe that the experience of other towns has shown that when intelligent planning is done, sound growth

follows. On the other hand, when problems are ignored or left to solve themselves, the results are not always in the best long-run interests of the town and its taxpayers.

In our report last year, we said that Henniker must eventually design some moderate building codes to maintain itself as a desirable New England village. Otherwise Henniker will eventually find itself surrounded by towns such as New London which do have such codes and enforce them (with Henniker inheriting their problems). This protective action is going to become more and more essential if our tax rate is to remain fair and reasonable.

With the future of Henniker in mind, and wanting to protect the value of all our property located here, we propose that Henniker adopt a construction ordinance for a trial period of one year. If the citizens feel at the end of the year that the ordinance has been a good thing, it can be renewed. Otherwise, it can expire if Henniker feels that such protection is not in the best interests of her property owners. The Planning Board is convinced that an ordinance requiring a solid foundation, a lined masonry chimney, and commonly accepted permanent siding will be a valuable asset to the Town.

ANNUAL REPORT OF THE ACTIVITIES AND
FINANCES OF YOUR
HENNIKER COMMUNITY CENTER

In the past year the Community Center sponsored 47 Saturday night dances for the enjoyment of the teenagers of the area. The Vectors and the Standouts, teenage bands from Henniker and Antrim supplied the music for these dances

During the winter months basketball coached by Joe Clement, was provided for boys from grades 5 through 8 every Saturday morning. A men's team was also sponsored by the Center. The uniforms for this team were donated by the Merchants and the Center.

Spring and summer began with the Center fielding three baseball teams for boys from 8 through 16 years in age. Each team played eight or more games in their league with the Towns of Hopkinton, Weare, Bow, Sutton, Hillsborough, Suncook and Hooksett. A Memorial Day outing was held at the Center and a youngster and oldster softball game was the main event of the day. Our annual auction was held during August and was enjoyed by many auction enthusiasts.

During the fall months the Center sponsored a circus which was enjoyed by all who attended. The Halloween party and dance was attended by over 200 school children and was a great success.

Christmas presents were given to the first six grades again this year by the Center.

The Center this past year has had two tenants, a kindergarten and a nursery school, who donated towards the cost of heating the Center. Non-profit groups that have had free use of the hall are the Contoocook Valley Artist Association, The Cancer Dressing Society and College and Townspeople groups.

The Center intends to continue and hopes to expand the activities mentioned above during the coming year and hopes to complete some of the improvements now in progress at the Center. These improvements are: improve the ball field, add an outside basketball court, improve the kitchen, construct folding tables for suppers and parties, and paint the interior of the building.

Funds for these past and future programs have been appropriated by the Town and raised by the Center through its dances, auctions, etc. The following is a breakdown of the revenues and expenditures of the Center over the past year:

SCHOOL WARRANT

To the inhabitants of the School District in the Town of Henniker qualified to vote in district affairs:

You are hereby notified to meet at the Cogswell School Auditorium in said district on the 8th day of March 1966 at 1:00 P. M. to act upon the following subjects.

Polls open at 1:00 P. M. and close at 8:00 P. M.

Articles in Warrant will be taken up at 7:00 P. M.

1. To choose all necessary officers for the ensuing year.
2. To hear reports of Agents, Auditors, Committees and Officers chosen and take any action relating thereto.
3. To choose Agents, Auditors and Committees in relation to any subject in this Warrant.
4. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of statutory obligations of the district.
5. To see if the district will authorize the School Board to make application for and to receive in the name of the District such advances, Grants-In-Aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or State Agencies.

6. To see if the District will vote to institute a Kindergarten program as a regular part of the school curriculum and to raise and appropriate money to operate the program (put in Warrant by a legal petition of the voters of the district).

7. To see if the district will raise and appropriate the sum of one thousand dollars as a contingency fund (article in warrant now a requirement for contingency fund—1965 Legislature).

8. To see if the District will create a Cooperative School District Planning Committee and to elect the members thereof, or determine that they shall be appointed by the Moderator.

9. To transact any other business that may legally come before said meeting.

Given under our hands this 8th day of February 1966 at said Henniker.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The Henniker Elementary staff is the same for the 1965-1966 school year as it was for the 1964-1965 school year. On the other hand there have been numerous changes in the high school staff. Mrs. Frances Roux is a new English teacher, Mr. Roger Desroches a new Science teacher, Walter A. Sidney has Social Studies and coaching, Miss Therese Brosseau, French and English and Mrs. Carol Hamilton Physical Education in the elementary school and the junior high school. This is almost a 50% turn over in the high school, not a good situation, but apt to be typical of the small high school. Unfortunately the supply of teachers continues to be limited and a new factor has made the problem more difficult. Some of our young men who are now teaching in New Hampshire may find that Selective Service Boards will no longer defer teachers. There is also uncertainty about whether men graduates from the Teachers' Colleges will be allowed to teach or will have to go into the service. This for a two year period could further shorten our supply of teachers.

As most of you probably know The Kearsarge Cooperative School District was not formed because Hopkinton turned it down by a decisive vote. Webster immediately joined The Merrimack Valley Cooperative Study and is now a member of the recently formed Merrimack Valley Cooperative School District. Warner and Bradford are currently studying a cooperative with Newbury, Sutton, Springfield, Wilmot, Andover and New London. Should this cooperative study fail, I am sure that Bradford and Warner will be looking in a new direction; probably in the direction of Henniker. In the meantime there have been some preliminary talks on cooperative with Antrim, Bennington, Hillsborough, Weare and Henniker. These talks have been in the nature of surveys of possibilities with no formal

study started at this time. Certainly there are enough pupils and enough wealth to make a cooperative school district a reasonable possibility.

For the past ten or eleven years parents of pre-school children have operated a cooperative kindergarten program for the Henniker children. A great deal of credit is due these parents who, through very difficult conditions have managed to continue the program for such a long period with no outside assistance. Kindergartens are very sound educationally and are maintained by many school districts. Now a petition has been received signed by voters asking that an article be put in the warrant so that the school district may vote on the acceptance of the kindergarten as a regular part of the school program, and that money be appropriated to pay for the cost of a trained kindergarten teacher and other related expenses. This is a most worthwhile program and should be given every consideration.

There is an item in the budget which needs some explanation. There is a supplementary appropriation of \$8,854.00 for 1965-1966. Of this amount \$5,800.00 is the amount of money voted at the Special School Meeting in accepting the Federal Program. This will also be shown as an expenditure. In addition there is the sum of \$2,054.00 in excess Sweepstakes money voted at the last annual meeting, but eliminated by mistake, and the \$1,000.00 Contingency Fund ruled illegal by the State Tax Commission for this year but not for next year. Without this money voted at the last annual meeting we would come out with a deficit.

The problems of Public Education become increasingly complex in this modern society and the problem of financing good public education until a more equitable tax is accepted by the New Hampshire Legislature is that the property owner has to carry an unfair share of the burden.

WILLIAM C. STERLING,
Superintendent of Schools

REPORT OF THE HIGH SCHOOL PRINCIPAL

A breakdown of the graduating class of 1965 shows that 38% of the graduates went on to four year colleges and universities granting degrees, 17% were enrolled and are attending junior colleges, 10% entered training as beauticians, 6% entered the armed forces and the remaining 28% are gainfully employed. Of those entering four year colleges or universities we note the diversity in colleges that accepted our graduates. New Hampshire University accepted four, New England College two, Plymouth State two, Boston University one, St. Anselm College one, and West Virginia Wesleyan one. Included in the above is a young man who was accepted on an eight year program leading to a Medical Degree. The other 20% who are continuing their education added to the 38% described above are to be congratulated and seem to point out the importance of further education beyond high school.

The faculty and administration are now in the process of refining and improving the existing curricular and extra-curricular activities of the school. No major changes are contemplated for the coming year. We hope that we can stabilize our fine faculty and develop internally for the next few years. We are pleased with the efforts of the entire staff and sincerely hope that they will continue on in the years ahead.

May we extend to all an invitation to participate in the functions of education by visiting the school, by participating in PTG activities and by support of education in every way possible.

I personally appreciate the very excellent services rendered by the ancillary services of the school district, the hot lunch personnel directed by Mrs. Robert Sterling for her fine food

and excellent cooperation, the School Nurse Mrs. Maillette, Dr. Brown, our custodial staff, our bus drivers, school secretary, all these and the many interested citizens who contribute through the PTG, the American Legion, Mothers Club, Women's Club, New England College and other organizations in Henniker.

I personally commend the students for their efforts and their fine spirit of cooperation.

THEODORE E. GLADU,

Principal

The School Lunch Program was in operation from Sept. 21, 1964 to May 21, 1965, a total of 155 days. During this time a total of 24,888 lunches were served, a daily average of 161.

This year, two thousand and eighty four dollars (\$2,084.00) worth of Government commodities were received for a total cost of one hundred twelve dollars and thirty cents (\$112.30). These commodities play a great part in keeping the program in existence and the cost to the children at a minimum.

I would like to thank the teachers in the Grade School who give so much of their time helping to make this program a success.

Respectfully submitted,

ERCEL E. STERLING,

Manager
